

### WHAT IS CAPNM?

The Canadian Association for Parish Nursing Ministry (CAPNM) is committed to the development of parish nursing as a health and ministry resource within Canada.

### WHAT IS PARISH NURSING?

Parish Nursing is a health ministry of faith communities which emphasizes the wholeness of body, mind and spirit. Rooted in the vision of Christ as Healer, this ministry grows out of the belief that all faith communities are places of health and healing and have a role in promoting wholeness through the integration of faith and health.
