

# WE CALL THEM HEROES!

## NURSES HAVE BEEN IN THE FRONTLINE OF THE HEALTH CARE SYSTEM AS WE FIGHT COVID 19

I belong to a charitable organization that supports nurses that have been trained to use their nursing skills within the settings of Faith Communities across Canada. These professionals are called Parish Nurses, and they support individuals and their families using a wholistic approach to health that includes care of the body, mind, and spirit.

The Canadian Association for Parish Nursing (CAPNM) helps to develop Parish Nursing across Canada through its Annual Conference providing training and support to Parish Nurses that are active in their local faith communities, establishing standards of care, and providing information to help start new ministries.

### FUNDRAISING TO HELP CONTINUE THE SUPPORT OF NEW INITIATIVES FOR CAPNM HAS BECOME DIFFICULT DURING THIS PANDEMIC

### WE APPROACH YOU TO ASK FOR YOUR SUPPORT OF THIS FUNDRAISING CAMPAIGN!

Would you consider **donating \$20.00 or more to help CAPNM** continue its work in supporting and developing Parish Nursing programs across Canada and developing Canadian research into understanding the impact and challenges of Parish Nursing in Canada?

You will be issued a tax receipt for any gift of \$20.00 or more.

**Donations can be sent as e-Transfers:** *capnm.secretary@gmail.com*

**Or mailed to:**

Shelly Monaghan  
Coordinator

776518 Blandford Road RR #1  
Bright, ON N0J 1B0

Thank you for taking the time to review our support request.

Shalom,

**Faye Brekelmans** and **Kathleen Dempsey-Glegloff**  
CAPNM CoChairs
